## BRAINERD IN THE OLD DAYS OF REAL SPORT

### "OLD TIMER" TELLS OF TOWN'S FIRST FIRE DEPARTMENT

LEATHER BUCKETS DIPPED WATER FROM PUBLIC WELLS; OLD HOOK AND LADDER CART

FIRST FIRE TRUCK HAD PUMPS WORKED LIKE THE HAND CAR OF RAILWAY SECTION MAN

In a much appreciated letter to the Dispatch, our genial friend who signs his communication "Old Timer" tells of the first fire department boasted by Brainerd.

"I notice in the paper where it is suggested that they have a parade in Brainerd's 50th anniversary and home coming week of the old firemen and the fire apparatus that was used some 50 years ago."

"In case you do that, you should have the old hook and ladder truck in the lead, with Col. C. D. Johnson in charge."

#### Bought in 1873

"The old truck was bought in 1873 and was kept in a shed next to Tom Cantwell's store on the corner where the Brainerd Wholesale Grocery house is now. A little later it was moved back of where the present house is now. It had three or four ladders left on it and eight or ten leather pails."

#### Triangle Fire Alarm

"Beside it stood a post on which hung a triangle with a piece of iron, and when there was a fire some one would grab the iron bolt and pound the triangle until enough boys would gather to pull the old truck to the fire."

#### Kindred House Fire in 1876

"The only time it went to a fire in 1876 was at the Kindred House on the corner of Sixth and Kingwood streets. Some eight or ten of us boys pushed and pulled the old thing through the sand and when we got there they had the fire out. So we left it there and let the drayman haul it back."

#### Truck Sold and Bought Back

"In the summer of 1876 the village board decided to sell the thing, which they did to Henry Dessen for \$25. As soon as it became known that it was sold, everybody set up a howl that the town would burn up, with the result that they bought it back for \$40 and have kept it ever since."

#### First Hand Pumps

In about 1882 the city bought two hand pumps for fire protection. It took about four to ten men to handle one and it worked like a hand car. There were three or four town wells in the street and they would run a hose to the well and start pumping. Believe me, it was some work. It was the duty of one of the firemen to prime the pump and oftentimes in the excitement of the moment he would spill all the water out of his bucket running to the fire and would have to go back for more water to prime the durned old thing.

#### "I! Your Noble Chief!"

"Then in about 1884 we got our first fire department and built the old hose house. Al. Leopold was fire chief about that time, and in making a speech he started off with:

"I, your noble chief, will now address you!"

"He was ever afterwards known as the Nobl Chief. Oh, but those were the days of real sport!"

#### Tomorrow's Story

Tomorrow our friend "Old Timer" will tell about the first circus in town and sketch in a few broad, vigorous strokes of that momentous occasion in Brainerd's frontier history when the Blueberry Rebellion convulsed the community.

#### Large List Turned In

One of the largest list of names of former Brainerd residents several hundred in extent, was that of the Elks lodge. They have their names on addressograph plates and all that was necessary was to run envelopes through the machine, which addressed them automatically.

G. W. Chadbourne furnished a list of thirty Masons who formerly lived here. One of them, W. R. Wood, St.

### THIRD WAGE CUT, OF \$50,000,000 ANNOUNCED THIS WEEK

(By United Press.)

Chicago June 12.—The third \$50,000,000 wage cut in the pay of railroad workers will be announced by the United States railroad labor board this week, according to information today.

Clerks, signal men and freight handlers are to be affected by the latest ruling of the board.

It was forecast that the cut will be about five cents an hour. Employees hit by the recent wage reductions were taking a straight vote today. It was forecast by union heads that 95 per cent of the employees would vote to walk out in protest against the slashes ordered by the board.

Paul, affiliated with the lodge in 1873.

All lodge secretaries should send in their out of town lists of members so that invitations may be mailed out from the Chamber of Commerce.

In one day 113 letters were written Brainerd citizens asking them to turn in to the Chamber of Commerce names of former Brainerd citizens.

#### Addresses Incomplete

Sometimes the addresses given the Chamber of Commerce are incomplete. Here is a list of such names:

Miss Alfaretta Whitehead, Corona, Iowa.

Mrs. Campbell, 2301 Gerard Ave., Minneapolis.

R. L. Gurgeson, St. Paul.

J. C. LeBeau, Rochelle, Iowa.

Joe Westfall, Two Rivers, Montana.

Rev. Joseph Alton and daughters, New York.

#### Another Old Timer

One of the old timers of the district is Joe Derosier, now living in St. Mathias. He was first in this country 43 years.

#### Modern Woodmen of America

Festivities on Modern Woodmen Day, Friday, July 7, said C. Bruhn, chairman of that day, will start with a parade to Gregory park where speakers of national reputation will take the rostrum. In the afternoon there will be a program of sports for young and old. Prizes will be given for the best decorated car; the largest visiting delegation from a camp; for the heaviest visiting Woodman; for the finest looking baby.

A registration and information tent will be placed, probably in depot park if permission can be secured from the railway company. It will be kept open all week and will be in charge of Modern Woodmen and Royal Neighbors committees, as it is desired to register every Modern Woodman and Royal Neighbor visiting Brainerd that week.

The reception committee headed by Dr. A. K. Cohen is planning a banquet for the speakers and officers to take place at the Ransford hotel.

Mr. Bruhn again calls attention to the necessity of registering your rooms as this is very important.

Any Modern Woodman who can spare a day or part of a day Home Coming Week or will help in some way should send word to Chairman C. Bruhn as soon as possible.

The Royal Neighbors are this week going to put up posters all over the city, and are also busy planning to help feed and entertain some of the many thousands.

Chairman of Modern Woodmen C. Bruhn wants a slogan. Now put on your thinking cap and let the committee know by Wednesday, June 14. Chairman Bruhn has an idea that a good slogan will speed up his working machine.

The executive committee, together with all chairmen of sub-committees, will meet in the Y. M. C. A. on Wednesday evening at 7:30 o'clock.

#### Dr. Beard

For Church Day, July 9, Rev. Fred Errington said an effort is being made to secure Rev. Dr. Beard, pastor of the First Congregational church of Fargo, N. D., to address the union open air service in Gregory Park. Dr. Beard was pastor in Brainerd 43 years ago.

### FARM BLOC ARE DETERMINED TO PASS GRAIN FUTURES BILL

TO TAKE PLACE OF ONE KNOCKED OUT BY COURT—FARMERS SENDING PETITIONS

(By United Press.)

Washington, June 12.—Farm bloc congressmen were determined today that congress shall not adjourn this summer until a new grain futures bill has been passed to take the place of the one recently put out by the United States supreme court.

Heeding the appeals of the people in their districts, midwest and western congressmen are uniting behind the Capper-Pincher bill now in the hands of committees at both ends of the capitol. At the south side those backing the bill hope to secure a favorable report from the agricultural committee in time to allow a vote in the house next Thursday when the agricultural committee have to say as to what legislation is to come up. There is no doubt but that the bill will pass, Representative Pincher, Kansas, co-author of the bill, said today.

With the wheat crops about ready to harvest and the corn crop coming along, farmers in the western grain belt are flooding congress with hundreds of letters and telegrams every day urging that a new grain futures bill be rushed through. An alarming situation will confront the producer, they declare, if forced to go into the markets of Chicago, Minneapolis, Kansas City and other grain trading centers unprotected by a law placing strict federal regulation on the methods of buying and selling.

#### Bill Reported Favorably

Washington, June 12.—The house agricultural committee today reported favorably the Capper-Pincher bill providing a substitute for the grain futures act recently knocked out by the supreme court.

The committee plans to have the bill put to a vote in the house on Thursday. It is believed the measure is assured of passing.

### BAD FLOODS GRIP NORTHEAST PART OF WISCONSIN

(By United Press.)

Milwaukee, Wis., June 12.—North-eastern Wisconsin is in the grip today of one of the worst floods in the history of the state. The same section of the state that was cut off from communication with the outside world and through which the sleet and snow storm of February 22 wrought such havoc, today is threatened with serious damage from flood waters as the result of a near cloud burst within the last 48 hours.

Motor transportation is at a standstill, rivers are overflowing, bridges are washed out and crops are wrecked in the lowlands as a result of the flood. River dams through the section are holding up despite the pressure of the water.

Fond du Lac, Green Bay, De Pere, Menasha, Kaukauna and other cities all through the Fox river region have suffered heavy damage as a result of the heavy downpour of water.

The Green Bay weather bureau reported the rainfall for the last 24 hours in excess of 3.7 inches.

### U. S. TRANSPORT IS RAIDED; BIG CARGO OF LIQUOR SEIZED

Norfolk, Va., June 12.—Federal agents last night raided the U. S. transport Sirius in the harbor here and seized 1,900 quarts of liquor. The crew was detained for investigation. Fumes of liquor, which came from the West Indies, brought the raid.

### RICHENBACKER'S PLANE IS WRECKED—TAKES TRAIN FOR FRISCO

(By United Press.)

Omaha, Neb., June 12.—Eddie Rickenbacker speeded to the Pacific coast today on the Continental Limited, after attempting to make the convention at San Francisco by airplane, which ended in disaster.

After meeting many obstacles and delays, Rickenbacker's plane was wrecked here when his party attempted to take off from the Omaha flying field.

"I am through with this aviation until planes are built in this country able to stand the test," Rickenbacker said.

### NORTH DAKOTA IS COMING BACK

CROPS ARE EXCELLENT, AND A FULL ACREAGE, SAYS PROMINENT BANKER

POTATO ACREAGE IS UNUSUALLY LARGE; ALL OTHER CROPS LARGE AND EXCELLENT

(By United Press.)

St. Paul, June 12.—North Dakota is coming back.

Crops are excellent and there is a full acreage.

If the crops come through, North Dakota will be on the way to full liquidation this fall.

Crop prospects in northwestern Minnesota are excellent.

These impressions were brought back today by J. W. Wheeler, president of the Capitol Trust and Savings bank, who ended a 2,200 mile tour of North Dakota and the Red river valley counties of Minnesota.

"My impression of North Dakota, and northwestern Minnesota is very favorable," Mr. Wheeler told the United Press. "There is a full sized acreage. In fact, in some districts of North Dakota I think they should have summer fallowed more."

"We saw hundreds of new pieces in crop, and there is a very small percentage of idle ground. The crops are looking too good to be true. It is too much to expect them to come through in the present shape. Damage is yet to be done. Under any circumstances, however, there is sure to be a large production."

"I don't know what in the world they are going to do with all the potatoes. I never saw so much potato acreage in my life. At Devils Lake we were told there is double the acreage of potatoes there was last year."

Mr. Wheeler, accompanied by his son, J. W. Wheeler, Jr., and A. J. Clure, land examiner of the farm market department of the bank, left St. Paul May 26. They went to Aberdeen, covered the lower part of North Dakota and nearly every county north and west, to Minot. Returning they covered Polk, Norman and Clay counties.

"Of course, there is lots of delinquent interest in North Dakota and taxes are higher. Everything is cash. Even in pool halls, barber shops, shoe-shining parlors and drug stores, there are signs posted, 'Do not ask for credit—everything cash.'"

"Farming conditions, however, are very promising. We are loaning money in North Dakota—everybody is. The purpose of our tour was to loan money. It is an eye opener what men can do without money when they have to."

"We saw thousands of acres of sweet clover, more than I ever saw before. In the Red river valley we saw an unusual acreage of sugar beets. This apparently is a growing industry."

"North Dakota is learning diversified farming. The southern part is taking part in drying. There are a few cattle men in the west. Labor has gone down. Thirty dollars a month and board is being paid in some sections where last year farmers paid as high as \$130 a month and board for help."

### A. F. OF L. IS NOW IN SESSION AT CINCINNATI

A. F. OF L. COUNCIL ATTACKS CONGRESS AND LABOR DECISIONS OF COURTS

LABOR WILL TAKE HAND IN THE COMING CONGRESSIONAL ELECTIONS, SAYS REPORT

(By United Press.)

Cincinnati, Ohio, June 12.—Bitter attacks on the present congress and the forces hostile to union labor were outstanding in the report of the executive council of the American Federation of Labor, submitted to the convention of the federation shortly after it opened here today.

The council, declaring that the federation during the last year had successfully withstood many attacks against union labor, recommended a most aggressive policy for the future.

Other main recommendations, purporting to reflect the views of the organized workers of the country were: Strong opposition to the sales tax, the ship subsidy, anti-strike laws, all forms of political censorship of moving pictures and anti-picketing legislation.

Approval of restriction of immigration, food relief to Russia, more federal aid for good roads, blue sky legislation, larger funds for the federal employment service and the bill authorizing co-operative marketing associations.

Denunciation of the Kansas Industrial Court.

#### Child Labor Laws

Strong disapproval of the supreme court decision knocking out the child labor decision and other decrees restricting picketing during labor strikes as well as a general denunciation of court injunctions in industrial disputes.

Denunciation of the Judge Anderson and Judge McClintic injunctions against coal miners.

Disapproval of President Harding's proposal for a national labor board, which it was claimed, would regulate the unions.

Disapproval of several decisions of the railroad labor board and virtually asking for its elimination.

Sharp attacks on the Esch-Cummins railroad law.

Establishment of a railroad labor policy board to arrange for concerted action whenever "the occasion demanded."

Approval of the armament conference, but urging the calling of an international economic conference.

A prediction that in time "a chain of daily newspapers for the labor movement must come."

Establishment of voluntary employment committees by the various crafts.

#### The Present Congress

The council seemed to be particularly bitter against the present congress, and emphatically announced its intentions to fight against re-election of many of the present members.

The deplorable economic conditions which the people of our country have suffered in the past two years and from which they are still suffering have awakened them to the necessity of removing from power those responsible for such conditions. Says the report, "This has been most effectually and emphatically shown by the activities of the 40,000 local unions in preparing for the primaries and elections that will take place this year."

Congress has failed to meet the responsibility placed upon it by a great war. It has proved its inefficiency in a great crisis. It has proved that only those who are well-to-do or control great interests can induce congress to listen. Those who favor subsidies for railroads and ship owners; those who believe in paying back to the profiteers in food the fines assessed against them; those who believe in relieving the business of the well-to-do from taxation by substituting the sales tax,

and those who believe in compulsory labor and ready listeners to their demands for legislation.

"When a sufficient number of members of the senate banded together in an effort to obtain at least some relief for the farmers the privileged few immediately began to denounce them. Nothing can be expected from the present congress except legislation giving fortunes to those who already possess them and adding to the burdens of the people by higher and higher taxation."

"These facts are slowly penetrating the minds of the people. They are beginning to realize that the change they thought they wanted and for which they voted has been an injury instead of a benefit. Therefore it is expected that many changes will be made in the personnel of the senate and the house, and unless there is a change in such personnel the people can prepare themselves for still greater and greater suffering and injustice."

#### Anti-Labor Legislation

"More than 400 bills have been introduced in the sixty-seventh congress which directly or indirectly affect labor. Ninety per cent of them are inimical to the interests of labor and the people. The result has been that 99 per cent of the work done by labor in congress has been to defeat pernicious legislation. There is little sentiment in favor of beneficial legislation. This is so apparent that the statement is often made that if the United States capitol could be transported to the England of the fifteenth century half the members of congress would be 'to the manner born.'"

"The idea seems to prevail that the outcome of the 1920 elections means that every liberty of the people can be taken away provided some individual or group of individuals represent in the privileged few desire it for their own special benefit."

"Constructive legislation is taboo. The fact is that since March 4, 1919, the country has run itself."

#### General Labor Situation

Regarding the general labor situation, the report says:

"We have passed through a year of unusual strife and of unusual industrial depression. Our movement has been beset not only by the work of opponents who have been more active and more determined than ever, but it has had to contend with an industrial situation which caused thousands of our members to be idle during a great part of the year. It is with no little satisfaction, in view of these circumstances, that we are able to lay before this convention a report of achievement, a report of solidarity, a report of constructive planning and a report that can only inadequately portray the militant spirit with which our movement has come through the conflicts of the year. The audacity of those who have made it their business to attack in every possible manner the voluntary organizations of the workers has had no parallel in our country. We can not refrain from pointing out the fact that those who have been most aggressive and most without conscience in their attacks on the labor movement have been those who likewise have been most aggressive in their attempts to plunder or subvert the agencies of our government and the democratic institutions of our country."

#### Not Only Sufferer

"Labor, as labor, has not been the only sufferer. There has been a general feeling on the part of predatory interests, and it has been explicitly expressed, that they are in the saddle and propose to play to the utmost the role of conqueror. Thus, what our movement has been compelled to meet has been a condition in which predatory powers have sought to break down all resistance in every quarter and to enrich themselves at the expense of the whole people. No experience has testified so eloquently to the fundamental soundness of our organizations and to the manner in which they serve the workers."

"We realize fully that we shall be compelled during the coming year to face the same forces that we have faced during the past year, but we (Continued on page six) . . .

### SWEEPS DOWN THE SOUND AT SPEED 90 MILES AN HOUR

OVERTURNS ALL BOATS ON THE WATER, MANY OF WHICH NEVER RE-APPEARED

CITY ISLAND, A SUBURB, APPEARED WAR WRECKED—INJURED ESTIMATED AT 100

(By United Press.)

New York, June 12.—Nearly 50 persons are dead today, according to police estimates, in the first cyclone in the history of New York.

The tornado hit the city late yesterday. The list of injured is estimated at approximately 100. The heaviest toll was taken at City Island, a resort suburb, where the gale was accompanied by sheets of rain, hail and almost continuous play of lightning. Casualties were estimated as high as 30 dead.

City Island today appeared war wrecked. Most of the victims were caught bathing or boating.

The storm assumed the fury and characteristic of a tornado as it swept up the sound, the cloud which touched the water was reported sweeping along at not less than 90 miles an hour, leaving nothing in its path. The hard wind overturned all boats on the water. Craft went down in the water, and many never re-appeared. Little boats dotting the sound were washed from sight as if by an unseen hand.

Nothing like the storm was known in the memory of the oldest inhabitants, for the beaches about New York have been free from the peril of a cyclone.

As for fierceness, the storm had all the characteristics of a prairie tornado. It cut a swath up the bay. Pleasure yachts half a mile from its path rode the waters safely. The occupants were eye witnesses to appalling tragedies in the wake of the storm.

On land the tornado assumed the same terrifying proportions. Trees were pulled up from the roots and hurled through the air like giant nine pins. One went snapping through the roof of an inn, pinning a woman and a little girl to a desk beneath it.

In New York City proper six persons were killed and 27 injured when the winds tore a ferris wheel at Clazson point, taking it through the air to the beach. The passengers were hurled to the ground amid a mass of twisted steel and their bodies crushed, many of them beyond recognition. One woman remained unidentified today.

The gale swept into the amusement resort without any indication of an approaching storm other than a low hanging cloud, seemingly harmless.

It was estimated today that at least 200 craft were capsized by the storm, and many of them submerged.

### TORNADO TAKES TOLL OF THREE LIVES AT COLUMBUS, OHIO

(By United Press.)

Columbus, Ohio, June 12.—With three known dead and more than 20 injured, rescuing parties today searched the waters of Buckeye Lake, near here, for more victims of the tornado which swept the resort last night.

Five of the hundreds of small pleasure craft which dotted the lake when the storm broke were still missing, reports said. More than 50 cottages were destroyed.

New Storm Sweeping Up State New York, June 12.—Reports were received here this afternoon of a new storm sweeping upper New York state.

Telegraph lines were cut by the gale between Troy and Syracuse.

The area of the new gale extended eastward to the New England states. Wire communication between New York and Montreal was interrupted by the storm.

## THE WEATHER

Forecast for the week—Considerable cloudiness; occasional showers. Temperature above normal.

For-cast for next 24 hours: Minnesota—Partly cloudy tonight and Tuesday. Slightly warmer tonight.

## Cooperative observers record:

June 10—Maximum 64, minimum 53. Reading in evening 64. Cloudy. Northeast wind. Rain. Precipitation 0.53 inch.

June 11—Maximum 75, minimum 53. Reading in evening 62. North wind. Clear.

June 12—Minimum during the night 42. Southeast wind. Clear.

## LOCAL NEWS NOTES

## The Stories They'll Tell

When the old settlers come back for Brainerd's big reunion, they'll tell strange stories of the pioneering days.

Some of them will remember how they hid their savings in queer and unsafe places about the house or grounds before there was a bank. They will recall how much better it was to keep money safely at the Old First National Bank.

## Why Standard Oil Company (Indiana) Gives Better Service

WHEN you drive up to a Standard Oil Company (Indiana) Service Station you find a man in charge who is competent, quick, agreeable—at your service. The farmer finds these same qualities in the man who drives the dark green tank wagon to his door.

If you were to enter any one of the refineries of the Standard Oil Company (Indiana) you would be astonished to note the air of absorption with which each employee is devoting himself to his job.

The same interest may be observed at any point where you come in contact with employees of this Company. This condition is not a matter of mere happening—chance. It is because the Standard Oil Company (Indiana) recognizes the fundamental interest of labor in the business to which it is devoted.

Throughout the years, it has been the continued policy of this Company, to compensate its employees fairly; to give them steady work; to insure them so far as it is possible against unemployment.

To protect the employee who has grown old in the service, the Company has devised and put in effect an annuity plan whereby the employee who has given his best years, or who has become incapacitated in the service, is insured an income for the balance of his life. In no case is this annuity less than \$300.00 a year and it may be as high as 75 percent of his average yearly wage for the 10 years preceding retirement.

This policy gives the employee a sense of security respecting his future. It enables him to do better work and gives him a more vivid interest in his work.

Long experience has convinced the management, the employee, and the stockholder of the Standard Oil Company (Indiana) that this policy of recognizing the rights of the employee is one of the factors which enables this Company to give to the public a superlative grade of service in the manufacturing and distributing of petroleum products.

## CAUSE and EFFECT

Chiropractic goes several links farther back in the chain of cause and effect. While the germ theorist stops at the susceptibility of the patient, the chiropractor says that the susceptibility is a result of a lack of vital power or mental impulses, due to pressure on a nerve caused by a misaligned vertebra; and that when the vertebra is adjusted, the normal powers will again flow over the nerve, the effected will again become normal and the disease germs and every other incidental effect will disappear.

## 50 SHOOTERS AT "BREEZY POINT"

St. Paul, Minneapolis, Duluth, Wheaton, Sisseton, Brainerd, Aitkin Sportsmen There

### SCORES SATURDAY AND SUNDAY

F. E. McKay of Minneapolis Was Leading on 240 Targets for Two Days, 21 Down Out

Fifty shooters from St. Paul, Minneapolis, Duluth, Wheaton, Sisseton, S. D., Brainerd, Aitkin and other points took part in the three days' trap shooting at Breezy Point, Pelican lake, it being the first registered shoot at this popular summer resort instituted by its owner, W. H. Fawcett. A stiff breeze blew Saturday and Sunday and militated against high scores.

The following leading guns, amateurs, made these scores Saturday:

|                         | Hit | at |
|-------------------------|-----|----|
| Jerry Wilson, Sisseton  | 78  | 80 |
| O. J. Davidson, Wheaton | 79  | 80 |
| Fred McKay, Mpls.       | 76  | 80 |
| J. H. Dart, Mpls.       | 76  | 80 |
| W. H. Fawcett, Mpls.    | 75  | 80 |
| E. J. Goward, Aitkin    | 75  | 80 |
| H. Kalland, Brainerd    | 75  | 80 |
| Aug. O'Kthe, Aitkin     | 74  | 80 |
| F. E. Brooks, Duluth    | 74  | 80 |
| G. Evander, Wheaton     | 73  | 80 |
| D. Ewing, Wheaton       | 73  | 80 |
| Phil Budden, Duluth     | 73  | 80 |

The following lead among professionals:

|                        | Hit | at |
|------------------------|-----|----|
| J. E. Dickey, Mpls.    | 78  | 80 |
| J. H. Stair, Mpls.     | 78  | 80 |
| George Trent, Brainerd | 76  | 80 |
| R. K. Barber, Mpls.    | 74  | 80 |
| C. E. Vedder, Mpls.    | 68  | 80 |

On Sunday these scores were made; among the amateurs:

|                        | Hit | at  |
|------------------------|-----|-----|
| H. Kalland, Brainerd   | 151 | 160 |
| L. O. Maginnis, Mpls.  | 149 | 160 |
| D. C. Rand, Jamestown  | 147 | 160 |
| A. Kalland, Brainerd   | 143 | 160 |
| Aug. O'Kthe, Aitkin    | 144 | 160 |
| W. H. Fawcett, Mpls.   | 143 | 160 |
| Fred McKay, Mpls.      | 143 | 160 |
| Gus Evander, Wheaton   | 141 | 160 |
| Jerry Wilson, Sisseton | 140 | 160 |
| J. A. Dart, Mpls.      | 140 | 160 |

Professionals:

|                         | Hit | at  |
|-------------------------|-----|-----|
| Geo. E. Trent, Brainerd | 153 | 160 |
| J. H. Stair, Mpls.      | 151 | 160 |
| R. R. Barber, Mpls.     | 144 | 160 |
| J. E. Dickey, Mpls.     | 142 | 160 |

F. E. McKay of Minneapolis, was leading on the 240 targets for the two days, with 21 down, out of 240. George E. Trent and J. H. Stair, professionals, are tied for high gun for two days with 11 down out of 240. Jerry Wilson of Sisseton has the long run with 80 straight. E. J. Goward of Aitkin was taken seriously ill and removed to his home.

There is fair weather Monday with little wind and it will tend to the highest scores of the shoot being made.

## WOOLWORTH STORE RE-OPENING SATURDAY

Immense Crowds Attracted to the Popular Five and Ten Cent Store, Beautifully Remodeled

SUPT. D. O. WARNER IS PRESENT

Manager J. W. Rand of Brainerd Store Assisted by Managers from Four Large City Stores

It was a gala day at the grand re-opening of the Woolworth five and ten cent store Saturday morning. Manager J. W. Rand just beamed smiles all day long and the way the cash registers clicked sounded like turnstiles operating at the state fair. On this notable occasion there were present Supt. D. O. Warner of Minneapolis, under whose general direction the alterations had been made in the store and who staged the re-opening. Assisting him at the re-opening sale on Saturday, June 10 were Local Manager J. W. Rand, F. J. Osterholt of the Winona Woolworth store, H. A. Frankenstein of the Faribault Woolworth store, T. R. Coplan of the St. Cloud Woolworth store and L. O. Bloom of the Minneapolis Woolworth store.

Thirty-five sales girls did their best to attend to the wants of the huge stream of customers which stormed the doors at 8:0 a. m. and continued until closing hour Saturday night.

There was a particularly heavy run in sales on Turkish towels, oil cloth, soap, plated silverware, peanuts, gingersnaps, etc., and nearly every purchaser bought a tin pail in which to carry home purchases.

The Woolworth store measures

about 140 feet long and 25 feet wide. Alterations were made under the direction of H. C. Weaver of Minneapolis. The lineal feet of counter space was increased from 257 to 395 feet. Twenty-seven plate glass mirrors were installed. Mahogany finish is in evidence throughout and the shade of the fixtures blends harmoniously with the color scheme of the interior, the ceiling being enamel white and the walls buff. The skylight has prism lights.

Three booth counters in the center permit of much additional display of goods, plus the regular counters running the length of the building. Alterations were made under the direction of H. C. Weaver of Minneapolis. He started with his force on June 5 and had everything complete for the opening day, June 10. The lighting system was improved.

A rest room for employes has a library table, couch, rocking chairs, etc., where the girls may rest, eat their lunches, etc.

The office has been placed in the southeast corner and now permits the manager to get a glimpse of the whole commercial establishment. Miss Marie Stein is the efficient cashier and Clarence Ahlgrim assistant manager.

Mr. Rand, manager in charge, came to Brainerd in February, 1921, from Ecanaba, Mich., and through his energy and courtesy has built up an ever increasing trade, fully sustaining the Woolworth reputation for merchandising.

### LOCAL NEWS NOTES

(Continued from page 2)

The infant son of Mr. and Mrs. Peter Jones of 218 3rd street, died at a local hospital at 4 o'clock this morning from pneumonia. The funeral services will be held at the First Congregational church at 3 o'clock Tuesday afternoon.

Descriptive Skirt-Banners will be needed for your Parade Floats. Phone 982-W. C. C. Bowen, 617 Main St., "Near the Water Tower." 5tf

Ernest Ligon, State Field Secretary of the Christian Endeavor Association, spoke at the Peoples Congregational church and enrolled delegates to attend the Northfield convention.

John Bowe of St. Paul, district commercial manager of the Western Union, was in the city and inspected the local office.

For home coming week order a new suit. Oberst & Durham are showing a splendid line. 1t

Judge B. F. Wright arrived this afternoon from Park Rapids and on Tuesday at 9 o'clock in the morning will hear a case from Beltrami county, brought to Crow Wing county on a change of venue, the defendant Miller being charged with murder.

Brainerd United Commercial Council members received an invitation to

attend the June convention of the association at Valley City June 8, 9 and 10. There were three days of fun and merrymaking, including tournament ball games, league ball games, carnival, barbecue, pageant, dancing, parade and sports galore, golf tournament, etc.

HAVE YOU SEEN SUNSET BEACH ON PELICAN LAKE. It is across the Bay from the Lincoln Camp and is this side of Velvet Beach. It is the half mile stretch between Pelican and Markee lakes—extending from lake to lake—and has been platted into one hundred foot lots. Take the new state road and turn just its side of Lougee's (Ossipee). See Mr. C. Calkins who is now occupying his own cottage on Sunset Beach, or write him for an appointment. R. F. D. 5, Brainerd. 8t2p

## NERVOUS PROSTRATION IS MENACE TO AMERICANS

### Strenuous Mode of Living Making this Disease Common

This may well be called the nervous age. Everywhere you find people suffering from some form of nervous exhaustion. Hospitals and sanitariums are overflowing with men and women seeking to win back health of body and mind. If you are a victim of the strenuous life, if you can't sleep, if you are on the verge of a nervous breakdown, read here what Mr. P. D. Shade, Schuyler, Pa., says:

"Twelve years ago this spring, I had a very severe attack of nerve trouble, and although I was treated by three different doctors, I got very little relief until I tried Dr. A. W. Chase's Tonic Pills. After using these pills a few weeks I could feel a big change in my condition, so continued this treatment for three months. I don't think I ever felt better in my life than I did after using Dr. A. W. Chase's Tonic Pills, and whenever I feel my nerves are getting run down, I use some of these

pills. I don't think there is any other nerve medicine that will do what Dr. A. W. Chase's Tonic Pills will."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that portrait and signature of A. W. Chase, M.D., are on each box. This trade mark is your protection against imitations and substitutes.—Advertisement.

## CIVIL SERVICE APPOINTMENTS

THE CIVIL Service Reform League recommends that when a vacancy occurs in one of the Federal departments the Civil Service Commission be authorized to submit the name of one man for the place. This would really amount to the Civil Service Commission making the appointment, an authority never contemplated when the Commission was legislated into existence. No man in private business would permit his employees to be selected for him by an outside commission.

The certification of at least three eligibles is much to be preferred. In the judgment of the Commission, one man might possess all the requisites for the position in question, but the judgment of the Commission is not infallible, and there might be reasons why the administrative officer under whom the vacancy occurred would know more about the individual characteristics of one man among the three certified than did the Commission. The administrative officer certainly should have something to say with respect to the personnel of his bureau, inasmuch as he is responsible for its efficiency and knows best the character of work to be performed. With the entrance examinations kept up to standard the efficiency of the service will be protected.

There is no desire on the part of the Republican administration to revert to the spoils system and thereby repudiate the action of the Republican party in passing the Civil Service act. But even Civil Service should be ruled by common sense.

## DIFFICULTIES OF FRAMING TARIFF BILL

THE FRAMING of a tariff law is a good deal bigger job than most people imagine. One of the main difficulties in changing or amending a tariff is that the procedure entails the throwing open of the entire law with its 4,000 or more articles.

Under the rules of Congress, once an amendment is suggested, any other amendment contemplating a change in rates is germane and must be debated. In short, a single amendment might bring about an entire revision of rates. If some method could be adopted to prevent this—to confine consideration to a single amendment, or to a group of amendments—changes could, and undoubtedly would, be made any time Congress is in session.

The schedules in the tariff laws, however, are more intricately interwoven than was the Wilson League of Nations with the Versailles treaty. An amendment to the duty on wool cloth might be under consideration, for example, when the manufacturer would immediately show the necessity for a change in the duty on wool, and the wool-grower would ask for compensation by way of a change in duties on the commodities he consumes, and so on down the line.

This is the principal reason why it requires so much time for Congress to frame a tariff bill.

## ST. LAWRENCE WATERWAY PROJECT

THE CANADIAN Premier having reported on the St. Lawrence waterway project that "it would not appear to be expedient to deal with this matter at the present time," the Canadian Parliament has promptly tabled all the correspondence on the subject. This action of Canada furnishes a solution of the St. Lawrence problem that may forestall some differences of opinion in this country. The discussion of the project had already developed some considerable sectional feeling between states of the Middle West that favored it, and New York and other Eastern states that opposed it.

Of course, the project is clearly impossible unless the United States and Canada sign a treaty removing the international obstacles. The attitude of Canada undoubtedly precludes such a treaty, so no matter what may be done in this country either for or against the proposed improvement, is cannot be undertaken, at least for the present.

## THE BELLIGERENT GEORGIA SENATOR

THE pugnacious Senator Watson of Georgia has made a spectacle of himself so many times since he broke into the Senate on the indignation wave against the League of Nations that the Senate has become somewhat inured to his vulgar exhibitions. He is a slight man physically, and in poor health, and his oft-repeated threat to "smash the face" of Senators who differ with him probably could not have been made good in a single instance if the object of his defy should have taken him up. But, as the New York Tribune remarks, "some day one of the Senators he threatens to thrash will get afraid of him and hurt him."

Watson's safety lies in the self-control of his colleagues, and well he knows it. Should this self-control be lost, the Georgia spit-fire would probably "get what was coming to him." The gravity and decorum of the Senate must be preserved, however.

## THE NEXT CONGRESS

MR. GOMPERS declares that at the first opportunity the voters will make changes in Congress. That may be, of course, and it is to be expected. But the early primaries do not show a larger proportion of changes than usual, and the general election in November will show the Republican party with more than a normal membership—not as many as at present, perhaps, for the Republican membership is now abnormally large. It is pretty certain, however, that the Republicans will control the next Congress.

THE JOINT Congressional Commission on Agricultural inquiry has announced its conclusion that a general extension of the principle of cooperative marketing of farm products through local associations can furnish an important relief from economic depression for farmers.

POSTMASTER GENERAL WORK, who at one time was president of the American Medical Association, plans to establish a free medical service for the thousands of the nation's postal employees.

## GOMPERS HURLS DEFY AT ENEMIES OF ORGANIZED LABOR

IN OPENING SPEECH OF 42ND  
ANNUAL CONVENTION OF  
A. F. OF L.

(By United Press.)

Cincinnati, Ohio, June 12.—"Organized labor is in no mood to have its constitutional rights and privileges taken from it by any subtle reasoning or assumption of power no matter whence it shall emanate," Samuel Gompers, president of the American Federation of Labor, declared today in his opening speech at the 42nd annual convention of the federation.

The 600 odd delegates cheered Gompers when he warned "labor's enemies, those who plan and carry into effect the designs maintained to crush American labor. We understand them, and are as ready or more so than they are for the contest," he declared.

"We shall go on more determined than ever and there shall not be stamped on our brows and backs the type of the man with the hoe.

"Labor," Gompers said, "does not becloud its mind with any fancied security, but knows its face strength."

In discussing the disarmament conference Gompers said that not much was accomplished "comparing it with what remains, but a beginning has been made." Labor, he declared, deserves credit for initiating the movement for the conference.

### CERTIFICATE OF AMENDMENT OF THE CERTIFICATE OF INCORPORATION OF THE BRAINERD GAS AND ELECTRIC COMPANY.

The undersigned, W. A. Baehr, President, and G. W. Plank, Assistant Secretary, respectively, of the Brainerd Gas and Electric Company, a Corporation organized, created and existing under the laws of the State of Minnesota, DO HEREBY CERTIFY that at the Sixth Annual Meeting of the Stockholders of said Corporation, held at the office of the Corporation, in the City of St. Cloud, in Stearns County, Minnesota, on the 9th day of May, 1922, pursuant to notice duly given each Stockholder of said Corporation of record and entitled to vote, and at which said meeting all the issued and outstanding stock of said Corporation entitled to vote was represented, the following amendment to the Certificate of Incorporation of said Corporation was unanimously adopted, to-wit:

1. The first sentence of the first paragraph of Article V of said Certificate was duly amended so as to read as follows, to-wit:

"The management of the Corporation shall be vested in a board of five (5) directors, all of whom shall be stockholders therein, and who shall have the power, subject to such restrictions as shall be provided in the by-laws of the Corporation, to delegate its powers either to an executive Committee, which shall be composed of members of said Board, or to the President of the Corporation."

This Certificate is made pursuant to authority given to the undersigned by the stockholders and directors of said Corporation.

IN WITNESS WHEREOF, we have hereunto set our hands and affixed the corporate seal of said Corporation this 9th day of May, 1922.

W. A. BAEHR,  
President of the Brainerd Gas and Electric Company.  
Attest: G. W. PLANK,  
Asst. Secretary of the Brainerd Gas and Electric Company.

(Seal)  
Signed, Sealed and Delivered in Presence of:  
MARY L. LIBERT,  
EDW. M. BROWNE.

State of Minnesota, County of Stearns,  
ss.

BE IT KNOWN, that on the 9th day of May, 1922, before me, a Notary Public within and for said County and State, personally appeared W. A. Baehr and G. W. Plank, both to me well known, who, being each by me first duly sworn, did say that they are, respectively, the President and the Assistant Secretary of the Brainerd Gas and Electric Company, the Corporation named in the foregoing Certificate; that the seal affixed to said Certificate is the corporate seal of said Corporation, and that said Certificate was executed in behalf of said Corporation by authority of its stockholders and directors; and said W. A. Baehr and G. W. Plank acknowledged said Certificate to be the free act and deed of said Corporation.

MARY L. LIBERT,  
Notary Public, Stearns County, Minnesota. My commission expires April 11th, 1923.

(Notary Seal)  
State of Minnesota, Department of State,  
I hereby certify that the within instrument was filed for record in this office on the 17th day of May, A. D. 1922, at 9 o'clock A. M., and was duly recorded in Book M-4 of Incorporations on page 969.

MIKE HOLM,  
Secretary of State.

Office of Register of Deeds,  
County of Stearns.

I hereby certify that the within instrument was filed in this office for record on the 23d day of June, A. D. 1922, at 11 o'clock A. M., and was duly recorded in Book 31 of Misc. on page 579.

JOHN LANG,  
Register of Deeds.  
(Seal)

## ST. PAUL "WETTEST SPOT IN STATE," SAYS JUDGE PAGE MORRIS

St. Paul, June 12.—St. Paul was officially characterized as "the wettest spot in Minnesota" by Federal Judge Page Morris yesterday.

Declaring that he "never saw such a place as this," Judge Morris imposed severe penalties on violators of the prohibition laws who were arraigned before him at a session of the United States district court in St. Paul.

"In all my experience since the enactment of the prohibition law," Judge Morris said, "I never heard of a city where illicit liquor selling is carried on so openly and in so many soft drink saloons.

"They are scattered all over the downtown district and in outskirts liquor is being sold in barbershops, grocery stores and private homes."

Eleven men and one woman, charged with liquor law violations, faced the court in the day's session. Six men went to jail and the other six were fined \$100 to \$250. Jail sentences of 30 to 60 days were given men convicted of selling liquor. The fines were imposed on men convicted of having liquor in their possession.

The one woman offender, convicted

of selling liquor, was allowed to pay a \$150 fine on the plea that her imprisonment would work a hardship on her husband, a railroad switchman. Her name was given as Mrs. Catherine Mazer, 795 Winslow avenue.

## MINERAL LEASE GIVEN UP

Northern Pacific Railway Company  
Surrender South Range Lease on  
Iver Benson Farm

The Northern Pacific Railway company has surrendered another one of its mineral leases on the South Range. The land consists of 40 acres near Brainerd known as the Iver Benson farm. It consists of the SE. 1-4 SW. 1-4 of Section 32, 45-30, and adjoins the Elder farm.

The Benson farm was drilled and shown to contain ore and the lease has been carried since September 1909. As the ore is only a fair grade mining operations having failed to start before this date has been given for the reason for surrender of the lease.

## Little Room for Criticism.

There are so many jay walkers and so many jay drivers that it hardly behooves any driver to talk about jay walkers, or any walker to mention jay drivers.—Seattle Post-Intelligencer.

## NORTHERN PACIFIC EMPLOYEES PICNIC

Necessary Equipment Has Been Secured Through the Courtesy of Railway Management

### 2 TRAINS, OF 8 AND 10 CARS

First Train to Leave Brainerd or Glenwood Will Be The Ten Car One—Program Out Soon

The Northern Pacific committee has made this statement:

The Northern Pacific Employees picnic will be held at Glenwood, on Saturday, June 17th.

The committee wishes to announce that the necessary equipment has been secured through the courtesy of the management at St. Paul, consisting of two trains of eight and ten cars respectively.

#### Schedule as follows:

Trains leaving Brainerd—6:00 a. m. and 7:00 a. m.

Trains leaving Glenwood—7:00 p. m. and 8:00 p. m.

Refreshments on trains will be in charge of Messrs. Hugdahl and Milo Rose, who will see to it that your wants are taken care of.

The Brainerd Municipal band will furnish the music and Witham's six piece orchestra will play for the dance, given in the large pavilion by the lake, free of charge.

Tickets are \$1 per couple or family.

Family tickets include father, mother and dependent children.

Couple means a young man and his lady friend.

No two men can ride on one ticket.

Please remember that the first train leaving Brainerd in the morning and the first train leaving Glenwood in the evening are the heaviest trains, carrying ten cars, the second trains only carrying eight cars. So come early and avoid the rush.

Help the committee by getting your tickets before picnic day, if possible, thereby avoiding confusion on the last day.

Let's Go, Hurrah. We're Off for Glenwood. All aboard!

Programs will be out and distributed in a few days.

The picnic committee is composed of J. J. Roney, chairman; H. J. Kroes, secretary; P. M. Bissler, treasurer; J. F. Elkins, printing; John Mankowsky, dance; C. Bruhn, finance; Fred Haas, grounds; J. J. Murphy, transportation; Roland Jenkins, sports.

#### ANNUAL PICNIC

Of St. Paul's Episcopal Church and Sunday School Wednesday at Lum Park

The annual picnic of St. Paul's Episcopal church and Sunday school will be held Wednesday at Lum park. A fuller account will appear in tomorrow's Dispatch.

#### Philathea Bible Class

The Philathea Bible class of the M. E. church will hold its meeting in the basement of the church Wednesday night. All members are requested to come early.

#### Rebekah Club

The Rebekah club will meet at the home of Mrs. F. E. Russell, 1212 So. 7th street Tuesday afternoon. All members are urged to be present. Visitors are welcome.

#### Young Peoples Alliance

The monthly business meeting of the Young People's Alliance of the Evangelical church will be held tonight at 8 o'clock in the basement of the church. All members of the Y. P. A. should be out for this meeting as there is some important business to be taken care of at this meeting.

#### NOTICE

The bus to Northeast Brainerd will not be operated for a few days owing to necessary repairs.

1tp A. J. Hartman, Prop.

#### St. Francis Guild

St. Francis Guild of Catholic Women will give a apron sale and supper in the church basement, Thursday, June 15th. Supper will be served from 5 o'clock on, consisting of meat loaf, scalloped potatoes, salad, rolls, coffee, ice tea and cake for 35c. Everybody welcome. 812

#### NOTICE

The sale and use of fire works in the City of Brainerd is prohibited at this time by ordinance of the City of Brainerd. Complaints for violation of this ordinance have come to the Police Department and prosecution will follow this ordinance.

ERICK GRAFF,  
Acting Chief Police

## BRAINERD 2, PARK RAPIDS 2

Start of 13 Inning Game Failed to Break Tie Hold Between Rivals in Long Distance Game

### LARGE CROWD PRESENT SUNDAY

Brainerd Team Journeyed in Early Morning to Park Rapids and Had Chance to Rest Up

Brainerd and Park Rapids came to grips in a 12 inning 2 to 2 tie game at Park Rapids Sunday and the start of the 13th inning was checked by the church bells. It was a wonderful game, with both sides playing the kind of a game which raises a man from his seat and on his toes rooting for his home team.

A record breaking crowd was present. The Brainerd team successfully tried a new stunt and that was transporting the men to the grounds early in the morning, cars leaving Brainerd at 7 a. m., which gave the locals a chance to rest up from their tour before commencing the run of the bases.

## BALL SWEEPSTAKES AT COUNTRY CLUB

E. W. Egan Scores First Prize With a Count of 52, Mal Clark Second With 56

BOB DUERR 3RD WITH 58

Dr. W. A. Erickson Fourth With 62 Points to His Credit—Attention Was Good

The attraction Saturday and Sunday at the Brainerd Country club golf grounds was the Country club ball sweepstakes.

Here is the record made in the ball sweepstakes:

1. E. W. Egan ..... 52  
2. M. D. Clark ..... 56  
3. Bob Durr ..... 58  
4. Dr. W. A. Erickson ..... 62

Other scores made were Dr. C. G. Nordin 63 and Robert T. Campbell 68. The attendance Sunday was very good.

## NORTHERN PACIFIC LOWER ORE RATE

New Rate to be 90c Instead of \$1, Applies to Cuyuna Ores Shipped to Superior Docks

### INTERSTATE COMMERCE COM.

Its Recent Reduction of 12-1/2 Per Cent Did Not Apply to Rate on Iron Ore

The Northern Pacific Railway Co. has announced that it has applied to the Interstate Commerce Commission for permission to reduce the present rate on iron ore shipped from Cuyuna district to its docks at Superior by 10%. The new rate will be 90c instead of \$1.00.

The recent reduction by the Interstate Commerce Commission amounting to 12 1/2% did not apply to the rate on iron ore. Neither does the voluntary reduction in any way affect the application made by independent mining companies for a new rate to be made by the Interstate Commerce Commission, hearings for which were started in July and concluded this spring.

### JORGENSEN LEAVES FOR ROAD INSPECTION TOUR

R. D. Jorgensen, highway maintenance engineer, left St. Cloud Friday for a complete inspection tour of the highways in his district. Elk River, Princeton, Milaca, Brainerd and towns west of St. Cloud will be visited.

The roads have been greatly benefited by the heavy rain and Mr. Jorgensen is desirous of locating all sections which are in need of heavy repairs.

## SANBORN IS MADE ST. JOHN'S COACH

Collegeville, June 12—Fred Sanborn, of Brainerd, a graduate of St. Thomas university, has been appointed resident coach of athletics at St. John's, it was announced by the university authorities Saturday. He will assume control with the beginning of the fall term. Mr. Sanborn succeeds Edward F. Cahill, who has been coach at the university for the past two years.

The newly appointed coach, captained the St. Thomas athletic team during his college career and was one of the first four letter men of the

## Garments All Below Value

Brainerd, Minn.

### Idle Money Makes Idle Men

More harmful to society than idle men is idle money. Unless money is kept working continuously, business, too, will slow up, affecting workers in every line of production.

If you have \$1,000, \$500, or even \$100 which you do not expect to use for 6 or 12 months, convert it into a Certificate of Deposit issued by this bank at the rate of 5 per cent interest.

It will always be within reach if needed sooner.

## Brainerd State Bank
